As usual it has been a busy time for the Auxiliary. After visiting with the Area 6 & 7 folks in Reno, Nevada, I knew that Utah has been very busy putting together a great conference. Also this month I was able to visit Salt Lake City and see for myself what they have planned for the National Conference in August. The convention center has an awesome set up for us with the help of Convention Services Manager, Tammy Collings. She was a very good tour guide and is bending over backwards to make sure we have a great conference.

Dianne Williams, our Conference Coordinator, will fill you in on all the details. I can tell you there are many extra things to do and see in Utah so you may want to come early or stay a few days after the conference.

The Auxiliary Board meetings and Past Presidents Social will be held in the Hilton Hotel where most of the Auxiliary members are staying. Everything else will be in the convention center. There is no host hotel again this year—three and possibly four hotels are in walking distance. You can see the convention center from each hotel.

EANGUS will hold their Board meetings in the Marriott Hotel. All registrations and luncheon tickets purchased in Orlando have been transferred over to Utah.

Last week end I was able to attend the Area 4 Mid-Winter Conference in Round Rock, Texas. We had a great time and we were able to meet with the Texas folks and give them a better understanding of what the Auxiliary has to offer and the support to legislative efforts. Texas is getting a new Association President and she is very supportive of the Auxiliary. Hopefully, we will have a Texas auxiliary before we meet in Utah. Texas prepared a fun time for us and we appreciate their hospitality.

Our Auxiliary annual membership has increased and our life membership is now up to 409 life members. We had almost everyone send them in on time. Thanks to all of you who were instrumental in getting this accomplished. We will have plenty of voting delegates for our elections in August. There are not many states left on my list that need to be chartered or re chartered. I hope to contact as many of them as I can between now and August as this my goal as your president.

Jenny Lainhart is our Nominations Chair and she is looking forward to receiving those nominations for office of President, Vice President, Secretary, Treasurer and all Area Director positions that are up for re election. Be sure and send her your name or someone you feel would do a great job. If you need a job description of any of the above offices, please let me know and I will be more than happy to send it to you. Any annual or life member in good standing can hold an office. Now is the time to be thinking about which office you would like to hold. Talk to some of the current officers and they can answer any of your questions. There is no better time than right now to put your name in the hat. Good Luck.

As you all know, we will be attending the Legislative Workshop next week. I hope to see many of you there. If not, hopefully your state will have some representation there to bring information back home to you. We will be visiting the Hill and giving a presentation at the Legislative Workshop for those first timers. It helps if they can see the big picture and how membership can make a difference on the Hill. The Auxiliary is one of the strong voices on the Hill.

God Bless,
Sheila Bandy

New rules apply to reservists, employers

By Karen Jowers

Times staff writer

The Labor Department has issued new rules spelling out the rights and responsibilities of returning Guard and reserve members — and of their employers.

The rules will be published on Monday and will be effective 30 days later, but they are designed to help enforce a law that has been on the books for 11 years. This is the first clarification of the Uniformed Services Employment and Reemployment Rights Act, known as USERRA, since that law was enacted in 1994.

The 268-page document includes a large section in question-and-answer format starting on page 177. The regulations explain how USERRA protects against discrimination and retaliation because of military service and gives service members time to report back to jobs following completion of their service obligations.

The new regulations can be found at www.dol.gov/vets.

“Our citizen soldiers put themselves in harm’s way to defend our freedoms, and now it’s our turn to be there for them,” Labor Secretary Elaine Chao said in a prepared statement announcing the rules.

“These regulations provide comprehensive guidance on USERRA, which works to preserve the seniority, promotion, health care, pension and other benefits of our citizen-soldiers when they return home to jobs they left to serve our country.”

Chao has said the Bush administration will back up these regulations, which have been in the works for several years, with aggressive outreach and enforcement.

Following the publication of the draft regulations in September 2004, officials received 80 comments for consideration. As the result of one comment, Labor officials revised the regulations to reflect that USERRA protects not just a service member’s activities, but a service member’s status.

For example, an employer may not discriminate against a person because of his or her status as a service member or a veteran — regardless of whether the status actually includes performance of military duties.

Labor Department officials also are publishing the final version of the notice it provides to employers informing them of their rights, benefits and obligations under USERRA. That notice, as well as posters that can be downloaded, also are on the Web site.

**Although things are not perfect
Because of trial or pain
Continue in thanksgiving
Do not begin to blame
Even when the times are hard
Fierce winds are bound to blow
God is forever able
Hold on to what you know
Imagine life without His love
Joy would cease to be
Keep thanking Him for all the things
Love imparts to thee
Move out of "Camp Complaining"
No weapon that is known
On earth can yield the power
Praise can do alone
Quit looking at the future
Redeem the time at hand
Start every day with worship
To "thank" is a command
Until we see Him coming
Victorious in the sky
We'll run the race with gratitude
Exalting God most high
Yes, there'll be good times and yes
some will be bad, but...
Zion waits in glory...
